To Whom It May Concern,

This letter is a formal complaint that you are reporting inaccurate and incomplete credit information on my credit report.

I understand that mistakes happen, but your inaccurate information could hurt me in future and cost me a job, dream house, car or force me to pay higher interest rates and frankly I have enough stress as it is.

Please remove any names, addresses, and employers listed on my credit profile that are not the following:

John

{YOUR CURRENT EMPLOYER}

I've included proof of my name and address with this letter.

Thank you in advance for correcting this information! I would also like a credit report from you to verify the changes once you're done updating my file.

Thank You,

{YOUR SIGNATURE}
